

Who are the Passionists?

The Passionists are a group of Priests, Brothers, Sisters and lay people who specialise in renewal work among youth, adults and families which they 'flavour' with the message of God's love. They are well known in New Zealand for the Passionist Family Group Movement.

What is a Retreat?

It is time to 'come away' and look at life from another angle so as to come back to everyday life with a renewed and better understanding of oneself, of others and of one's faith. Leaving your ipod and cellphone at home while on the retreat helps.

How Catholic do I have to be to participate?

You just have to be open to exploring these things we have outlined.
