## What is a Retreat?

It is a time to 'come away' and look at life from another angle so as to come back to everyday life with a re-newed and better understanding of oneself, of others, and of one's faith. Leaving your ipod and cell phone at home while on retreat helps this to happen.

### What can I expect from a Passionist Retreat?

We have been doing this for a long time so we know what helps young people. First of all we like to be realistic and practical. We don't like to talk 'at' kids or talk 'above' them and we want religious experiences to be welcoming and meaningful. We want to help young people discover a deeper sense of faith. There will be self discovery, getting to know others and getting to know God. There will be a lot of fun doing this.

### How Catholic do I have to be to participate?

You just have to be open to exploring these things we have outlined.

"One of the greatest gifts we can offer another person is the acceptance to be himself/herself without conditions. We use our own experience of this freedom in our Christian faith to explore acceptance, humility, forgiveness and the power of choices in a space away from our normal day to day lives."
